Placentia City Council Initiates 5% Utility Users Tax

Placentia Volunteer Rich Hart receives his \$100 scholarship and certificate from Mayor Robert Finnell, left, and Vice-Mayor Robert Langer, center. Thirty-five Volunteers were honored during the recent Volunteer Recognition Night held in the Backs Building.

Brea Will Supply Police Service To Yorba Linda

YORBA LINDA — Beginning October 1 Brea will be providing police service to Yorba Linda under an 18-month contract superseding the present agreement with the county, which has been in effect since the city incorporated.

Under the agreement there will be two cars in the city at all times as compared to one car in the day and two at night from the county. The Brea cars will cover only the city while the county cars had to serve all county land in the area, in addition to Yorba Linda.

The contract will cost the city a total of \$329,164.50 for the 18 month period, equivalent to \$219,442.92 per year. The contract with the county was costing the city about \$209,000 per year for considerably less service.

When service is begun a phone line with a local number will be installed into the Brea police station. It will be answered "Yorba Linda Police

Department." In addition the Yorba Linda city seal will be placed on cars operating within the city.

According to City Administrator Darrell Dalton, this is the first case of one city providing police service to another city in California as far as he knows.

The change was made because of increasing dissatisfaction with the service provided by the county and because of steep increases in the contract price from the county each year.

Janet Thomas, Paul Cooper Appointed To Commissions

The City Council appointed Paul Cooper to the Recreation and Parks Commission and Janet Thomas to the Beautification Commission for one year terms beginning September 1 as teenage members of the commissions.

Cooper, 17, will be a senior at El Dorado High School this fall. Among his extra-curricular activities have been serving as Junior Class vice-president and president, Sophomore Class treasurer. He also participated in football and wrestling.

Cooper will become the third teen member of the Recreation and Parks Commission, succeeding Terry Walling, who graduated from Valencia High School last June.

Miss Thomas will succeed Veronica Rebella on the Beautification Commission, which was established last spring. A 17-year-old senior at Valencia High

PLACENTIA — A five per cent utility users tax was imposed on the citizens of Placentia by a 3-2 vote of the City Council at its regular meeting last Tuesday.

The tax is expected to raise \$1,813,000 over the next ten years to be used in the construction of capital improvements, such as a fire station, police facility and city hall.

Councilmen also set up a special fund for all money received from the tax and specifically earmarked it for capital improvements over the objections of Councilman John Tynes, who felt that some of the money should go into the general fund for added personnel.

Other councilmen said the use of the tax money for capital improvements would free some general fund money now used for that purpose.

Supporting the full five per-cent

tax were Mayor Robert Finnell, and councilmen Robert Langer and Jack Gomez. Finnell commented that he favors a bond issue for these projects ordinarily but pointed out that bond issues must be repaid with added interest, which would probably come from the property tax. He remarked that this would free the property tax funds from capital improvement items.

Councilman Richard Demmer, in opposing the tax, said that the city should only assess 2½ per cent and use a bond issue for construction of the new civic center.

Tynes opposed the tax because he saw nothing in it to improve employee working conditions. He commented that some of the money should be diverted to the employees in which case he said he would vote for it.

Two Local Youths Hurt In Traffic Accident

PLACENTIA — In a grinding two car accident on Valencia Ave. near Swanson, two Placentia youths were injured on Saturday night.

Daniel Lee Orosco, 18, 2120 N. Mignon Way and Daniel Lee Dotson, 18, 531 Haiber Circle, were taken by ambulance to St. Jude Hospital with lacerations about the face and head.

James Edward Weaver, 31, of Glendale, driving south on Valencia, veered to the left as the road narrows, just south of Swanson. In this maneuver he struck the northbound car driven by Orosco, according to police reports. Orosco's totaled car landed in the roadside ditch. The impact caused the Weaver vehicle

to reverse its direction completely.

Placentia Police cited Weaver for failure to observe traffic markings.

The Weaver vehicle sustained major damage neither Weaver nor his passenger were injured.

Todd Campbell of Fullerton, winner of the grand prize in the Hobby Day sponsored by the Yorba Linda Recreation Department, shows car models which he constructed entirely from scratch over a period of several months.

Father Murray To Leave St. Joseph's Parish For LA

PLACENTIA — Reverend John Murray, who has been associate pastor of St. Joseph Church in Placentia for the past 4 years, will leave August 31, to assume the associate pastorate of St. Cecilia Church in Los Angeles.

Father Murray will be honored at an open house reception, Sunday, August 30, in the St. Joseph Parish hall between the hours of 1 and 3 p.m.

now planned to be paid for by the tax include a new public works yard to free the fire station site in south Placentia for construction of a new station, a new fire station and park in Atwood, two new pumpers to equip the new stations, a community building in Atwood, a new police facility and a new fire station #1, council chambers and city hall, all at a total cost of about \$1,790,000.

The Chamber of Commerce had opposed the imposition of the tax because it would represent a substantial raise in city taxes without an election for the people to vote on it. They also stated that the tax was unfair to business because of the large amount of utilities used by commercial establishments.

YL Council Meets Twice

YORBA LINDA — The City Council will hold two special meetings next week on Monday and Tuesday evenings. The first will be with the Horse Study Committee and the second will be to canvass the ballots in Tuesday's special annexation election.

Next regular council meeting will be on Tuesday, September 8 because of the state holiday on Monday.

Before coming to St. Joseph church Father Murray served as a priest in the Los Angeles area for several years.

Father Murray was ordained a priest in 1962. The parish to which he has been assigned by Bishop Timothy Manning of the archdiocese of Los Angeles, has a predominantly black congregational membership.

Graduation ceremonies for the Yorba Linda Tiny Tot class sponsored by the recreation department were held at Mabel Paine School. Here Paula Nofsinger, the teacher, leads the children in a patriotic song.

Fire Department Assists In Mutual Aid Exercise

The Placentia Fire Department participated in a Mutual Aid exercise in Garden Grove on August 19, 1970.

This exercise was one in a series that are being conducted by the Area 4 section of the Orange County Mutual Aid and Disaster group. Area 4 includes the cities of Placentia, Anaheim, Garden Grove, and Stanton.

The exercise was held in

Eyer Directs YL Arts And Crafts

This summer's Arts and Crafts program through the Yorba Linda Recreation Department was directed by Jean Eyer, the fine arts chairman of the Yorba Linda Junior Women's Club. Mrs. Eyer, in addition to directing this program, was also the instructor at the Mabel Paine School.

Other members of the Junior Women's Club served as instructors at the Rose Drive School.

The director and instructors, assisted by Volunteers from the Recreation Department, all donated their time and talent to the Arts and Crafts program. They worked as volunteers from the Junior Women's Club as a means of serving the community.

Koch Park

The Moonhouse has landed at Koch Park in Placentia. The large piece of Playground equipment was delivered Tuesday August 18, 1970 and was immediately occupied by neighborhood children. This is the first piece of playground equipment to be installed at Koch Park as part of the Park Bond development program.

Placentia Meets With Edison Representatives

Where to place underground utility service and where such above ground poles placement would be inadvisable was the subject of discussion when City Administrator Edwin Powell met with representatives of the Southern California Edison Company Wednesday, August 19.

In attendance at the meeting with the engineering staff of the city was Norman DeVilbiss.

local representative of SCE; Robert White, district manager; and Gus Glenn, engineering official.

The object was a better communication between the utility company and the city in the placing of telephone poles in the industrial area. It is understood that the SCE places the poles which are also used by the telephone company to string their wires.

Heretofore, it was learned, such poles were placed in such a position as to permit landscaping and some beautification of the Industrial complex units, but recently, due in part, it is understood that not having a firm policy established, poles were put up regardless.

At the meeting plans were discussed and impletementation of procedures made so as to insure a long term agreement for the placing of the poles to best serve the industrial patrons with an adequate amount of voltage for each type of operation, as well as provide for proper landscaping. The problem arose at the site of the Dunn Industrial tract.

Placentia Ave To Be Closed

Placentia Avenue between Orangethorpe Avenue and State College Boulevard will be closed to through traffic for 75 days to allow the reconstruction of the Carbon Creek Channel under the street by the Orange County Flood Control District.

All traffic will be detoured down Orangethorpe to State College and south from there. The street will be open to local traffic who must use it for access to their homes or business.

conjunction with a training fire that was being conducted in Garden Grove. A single family dwelling and garage were ignited and allowed to become totally involved.

The surrounding area, which is being cleared for the Civic Center site, was simulated to represent a large industrial building that was exposed to the fire.

Mutual Aid of 2 pumpers and 1 ladder truck was requested at 11:17 a.m. The 1958 Crown pumper from Fire Station 2 responded with 3 men; and upon arrival at the fire area, were instructed to provide coverage of exposures with 2 - 2½ inch lines and 2 fog nozzles along with 7,500 gallons of water until the conclusion of the Mutual Aid exercise. Total time for the drill was 2 hours and 13 minutes, and total mileage was 24.8.

Fire Chief Sims stated that in the near future, the City of Placentia would be the scene of a similar Mutual Aid Exercise.

Utility Values In Two Local Cities Go Up

In spite of a .8 of 1% value decrease in county-wide public utilities, evaluations in both Placentia and Yorba Linda showed increases.

The state board of equalization, which assesses public utilities, attributes the decrease in value to a decrease in earning due to the 1969 recession.

Placentia experienced a 1.8% increase while Yorba Linda recorded a 14.9% jump, increasing by \$187,910 the 1969 figure of \$1,261,890.

Overmyer Map Gains Approval By City Council

The final step in the required action by the city on the request by the Overmyer Company for permission to build a warehouse on the corner of Crowther and Melrose has been taken with the approval by the City Council of a parcel map splitting the property owned by Overmyer off from the parcel to the east, which is the site of the Organocerams Company.

The Overmyer parcel will contain 6.11 net acres after street dedication. One new condition on the map was that Overmyer be required

to pay for complete street improvements, not just curb, gutter and sidewalk, because of city budget limitations.

Boy Receives Answer To Letter

Eight year old Paul Hughes is a precocious young man. Among things that his eight year old mind finds enjoyable is filling out coupons in magazines, mailing them out, and waiting to find what the magic of his signature and address will bring.

Mr. and Mrs. John Hughes and his five brothers who live on Lawanda in Placentia, are continually

amazed at the amount of mail which Paul receives. So far it has not gotten out of hand.

Everyone was surprised however, when a letter addressed to small Paul came from the White House in Washington, D. C. One of the staff secretaries to the President addressed Paul with a 'Thank You' for Paul's greeting to President Nixon. Enclosed was a brochure on 'The White

House' usually distributed to tourist visitors.

No one in the family knew that Paul had graciously sent President Nixon a hand made Father's Day greeting for the mid June occasion.

Paul himself was disappointed. He had secretly hoped that the President would have at least sent his admirer an autographed photograph.

Paul has his own satisfactory explanation for that. He addressed his letter to Mr. Nixon at the White House. But Paul had seen for himself that very day he received his answer that the President was in San Clemente in California. No wonder his staff secretary had to answer the letter for the President.

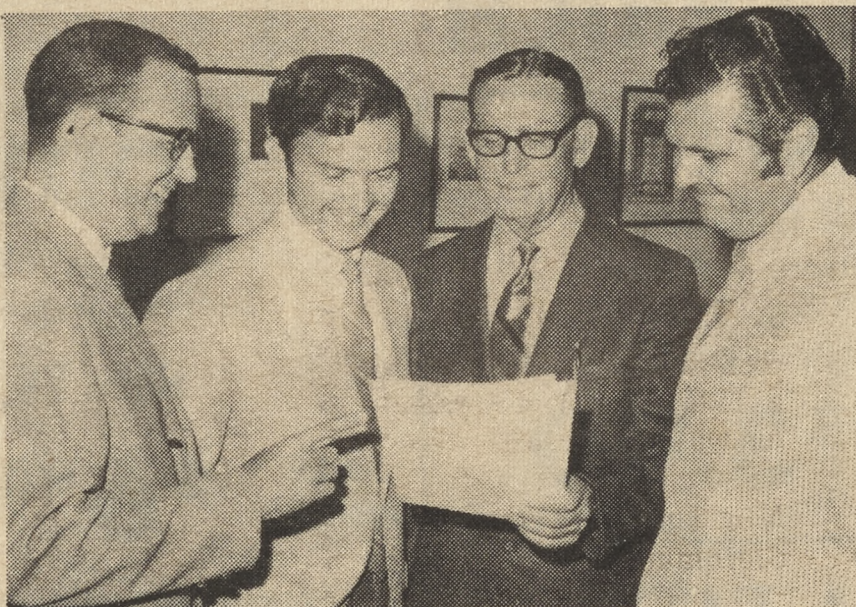

Ediss Elected President of Dental Association

Accepting the gavel as president of the Western Association of Hospital Dentists, Dr. Theodore Ediss stated his goal was to improve and clarify the image of hospital dentists.

Ediss went on to say that two thirds of the American people do not avail themselves of dental care, a problem which he feels the association should work to correct.

Also installed at the Fullerton Community Hospital conference were Drs. Thomas Davies, vice-

president; Ramon Werts, president-elect; James Hubbard, secretary; Ronald Thompson of Placentia, treasurer; and Robert Mendor of Yorba Linda, editor.

Four members of the Western Association of Hospital Dentists discuss their group's image at their annual meeting held at Fullerton Community Hospital when Dr. Theodore E. Ediss of Fullerton was elected president. Shown (left to right) are Dr. Robert Mendor of Yorba Linda, editor and past president; Dr. Thomas R. Davies, vice president from Costa Mesa; Dr. Peter Shea, founding president from Lemon Grove; and Dr. Douglas Morgan, of La Canada, delegate at large.

Department Extinguishes Fire From Automobile

When Jack O'Neil of 1133 Athens Ave. noticed gas fumes as he started his car last Thursday morning, he thought he had flooded it. When he tried again, he observed flames coming from the engine compartment. Mr. O'Neil did not panic. He got out, gave the burning car some hefty shoves, and pushed it out of the garage. When firemen arrived they found the car on the lawn of a neighbor across the street, where it had rolled. Firemen extinguished the blaze and commended O'Neil for his quick action, for he prevented a structure fire.

Firemen stood by a gas leak at Center and Melrose until the arrival of Gas Company personnel on Friday shortly after noon. They put down one small grass fire, responded to several false alarms, and

rolled on three rescue calls last week.

Mrs. Gerhold Returns From Europe Trip

Mrs. Mary Gerhold returned to her home in Placentia last Wednesday after what she called, "the most wonderful, enlightening and beautiful trip through Europe." According to Mrs. Gerhold she used the book "Touring Europe on \$5.00 a Day" and found it helpful in many instances.

Upon arrival in London, Mrs. Gerhold and her party boarded a ferry and went to Amsterdam where they rented a car. While there they called on a former AFS student at Snake, Holland, and had a delightful visit.

Belgium, France, and the Chateau Country was on the itinerary, and most impressive to Mrs. Gerhold was the tree-lined section of Southern France. Geneva, Switzerland, and then to Milan, Italy, where the party attended the play "Oberammergau." The text of the play, she stated was in German, but by purchasing a textbook in English, she was able to follow the play in its entirety. The text is printed in every language, she said, as persons come from all over the world to see the performance. Acted on an open stage, the audience is seated in covered auditorium type of structure. The most outstanding character-

ization of the whole play, according to Mrs. Gerhold, was the portrayal of "Judas." While there they stayed in a nunnery and were served breakfast by the nuns. The play starts at 8:30 and lasts until 11:30 a.m. with a lunch break and starts again at 2 p.m. and goes until 5.

The travelers enjoyed excellent weather in Rome. They also visited the church at Weis, heard a 25 minute organ recital at Westminster Abbey and visited St. John's Chapel in Cambridge.

Hathaway House and Shakespeare on the Avon was most delightful, said Mrs. Gerhold, and they were domiciled in a 16th century home which by order of the government can never be changed, as it is most authentic. It can be repaired but must be in keeping with the tradition.

Brad Myers In Seattle

Bradley H. "Brad" Myers, manager of the main branch of the Bank of America left Friday for the University of Washington at Seattle. Myers will be at the University until September 21, where he is involved in an intensive course titled "Terminology of Pacific Coast School of Banking."

A Happy Marriage Is Adoption Qualification

Major adoptive qualifications sought by Children's Home Society are a happy marriage and the capacity to love as their own a child born to another.

When the natural mother relinquishes the child for adoption, the relinquishment is final and adoptive parents can be assured that the natural parents have completely terminated their parental rights before the child enters his adoptive home. Complete anonymity of natural parents is preserved.

Children's Home Society provides professional counseling, on a group and individual basis, helping each adoptive couple to learn the steps in adoption and what they are likely to encounter as new adoptive parents. More than 90% of CHS couples take their new son or daughter home within a year from the filing of formal application. Once adoption procedures are complete, CHS offers a further post-adoptive counseling service for parents who seek additional

help with family adjustments.

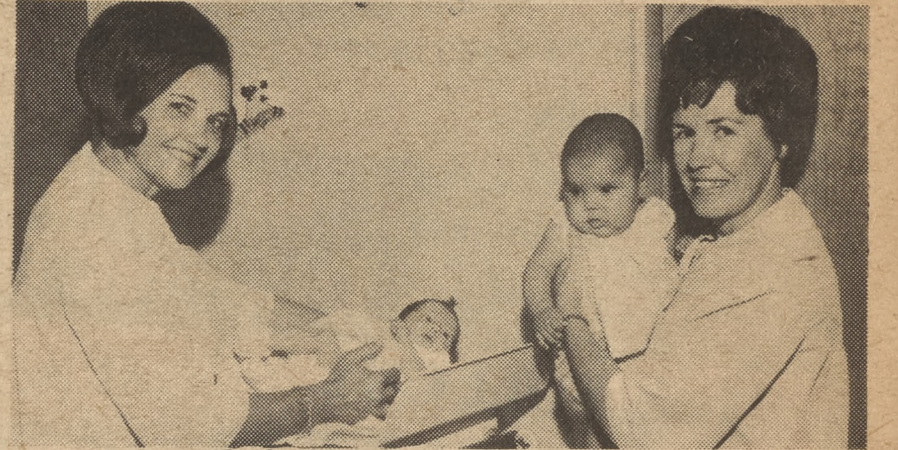

As outstanding as the Society's record of adoption service has been, equally remarkable has been the breadth and scope of volunteer involvement. Mon Ami Auxiliary serving Placentia-Yorba Linda join more than 242 CHS auxiliaries throughout California in serving and implementing the adoption program through direct services volunteer work and sponsorship of fund raising events. Mon Ami members help make up the 16,000 enthusiastic women who make up the membership of these groups giving untold hours of their time, effort and talents.

Mon Ami Auxiliary, now beginning its third year, invites women in the

Placentia-Yorba Linda area wishing to give of their hearts, their hands and their intelligence to support Children's Home Society, please contact our membership vice-president, Mrs. George Elaesser, 528-8573 or President, Mrs. Paul Oberle, 528-2373.

Additional information

about the Society's services to the natural and adoptive parents, can be obtained by calling the Orange County office of Children's Home Society, 542-1147 or writing Mr. Edward J. Mooney, District Director, 300 South Sycamore St., Santa Ana, 92701.

Mon Ami Auxiliary members Mrs. Robert Fluehe, left, and Mrs. John Courtier work with Susan, a two-week-old girl in the scales, and Missy, a two-month-old of mixed racial parentage.

Constitution Day Parade Scheduled

The Orange County Committee on Constitution Observance, jointly sponsored by the Masonic, Knights of Columbus, and Elks lodges, will present its third annual Constitution Day observance September 19.

A parade, featuring floats equestrian and marching units as well as gaily decorated cars and clowns, held at 10 a.m. through

Buena Park to Knott's Berry Farm's Independence Hall will begin the day's festivities.

An entertainment program will be presented in celebration of the 183

anniversary of the signing of the Constitution followed by patriotic band music and a prominent state official's speech on "Guard Our Treasure Of Freedom."

Local Boy Injured In

A ten year old Placentia boy was injured as he raced his bicycle into the path of a moving car Sunday evening.

Roger Patrick Britt, 10, son of Mr. and Mrs. Daniel Coronado of Placentia Avenue, was racing bikes with his friend Timothy Dean Gerdon on Moonbeam Avenue, and failed to slow down as he approached Ruby Drive.

He raced into the path of a car driven by Thomas Edward Walsh of Diamond Ave.

The boy was taken by ambulance to Anaheim Memorial Hospital where he was treated for severe lacerations on his legs, and remains there under observation for possible internal injuries.

Mary Ellen Storm Marries Larry Grill

Following a double ring ceremony performed by Bishop Dale Putman at the Placentia Latter Day Saints Ward, Mr. and Mrs. Larry Kay Grill departed on a surprise honeymoon.

The bride, formerly Mary Ellen Storm, daughter of Mrs. Mary C. Storm of Fullerton and Robert C. Storm of Duluth, Minnesota, was given away in marriage by her uncle Lewis King of Fort Lauderdale, Florida.

The groom is the son of Mr. and Mrs. George Grill of Yorba Linda.

For her wedding the bride selected a silhouette-style gown of Crepe Voile lace with puffed sleeves and a gathered skirt. The headband of her Chapel veil of silk illusion was adorned with yellow roses and mums while daisies and baby's breath were attached to her long flowing train. The bride also carried a cascade bouquet of yellow and white mums, baby yellow roses, baby's breath and daisies.

Acting as Maid of Honor for her sister was Miss Susan Storm who wore a lime green gown of Saki with an empire bodice and puffed sleeves. Bridesmaids, Miss Janet Grill, Miss Ann Trimbach and Miss Nancy Justis wore matching gowns of pale yellow Saki. Maurine Grill, five-year-old niece of the groom was flower girl in

a lime green satin gown while the bride's four-year-old nephew from Duluth, Todd Allen Le Doux, served as ringbearer for the ceremony.

The mothers of the bridal couple both selected pink dresses for the wedding and wore orchid corsages.

Robert Grill served as best man. Ushers were Steve and David Grill and Thomas Storm.

Miss Cathy Roshater was soloist and Mrs. J. Davis, organist, was assisted by Mrs. Fred M. Carroll of Mesa, Arizona, the groom's grandmother.

A reception followed immediately in the church hall where 200 guests gathered. Miss Susie Cursie was in charge of the guest book while Miss Mari Lottes took care of gifts. A buffet for 150 guests at the Storm residence followed the reception. Hostesses were Mrs. Albert Kile and Mrs. Vallee Navarro.

The bride and groom were graduated from Troy High School in Fullerton and will attend Cal State Fullerton this fall as juniors.

Planning for this fall's activities at a luncheon Monday are members of the Yorba Linda Junior Women's Club, from left, Mrs. Helmut Rinnert, Mrs. Edward Loizeaux, Mrs. Ronald Eaves, and Mrs. Dieter Kroenlein.

Square Dance Club Prepares For Fall

The emphasis is on fun, there are no tedious drill or practice sessions to go through.

City Accepts Baker Alley Improvement

Final acceptance of the paving of the alley between Baker Street and Santa Fe Avenue has been given by the Placentia City Council.

The project, at a cost of \$4393.55, was started when one of the residents on the alley complained to the council that rocks placed in the alley last spring were causing problems.

The alley had not been paved for many decades and what pavement that had been on it had deteriorated to the point where it was almost nonexistent.

When the problem with the alley was brought to the attention of the council they acted quickly to order a study of the area and then to order the paving of the alley.

PROGRESS REPORT

Fullerton Fire And Police Appear At Orangefair

If you see masses of firemen and fire equipment fighting a fire at the Orangefair Mall this coming Saturday...or an aerial rescue from the top of the Penney building by a 14-ton hook and ladder truck...or a large congregation of police officers and motorcycles in the same area...don't be alarmed.

Unless something unexpected really happens, it's all part of a planned demonstration to help bring the Fullerton Fire and Police Departments closer to the community, and particularly closer to the youth of the area.

"We have been blessed with fine relations between the people of the Fullerton area and their Fire and Police Departments," said

Carol Hancock, Executive Director of the Orangefair Mall, who has helped arrange for the demonstrations.

With the cooperation of Battalion Chief William A. Houser and Captain Fred M. King, Fullerton's Fire and Police Departments will be "on the Mall" on Saturday, August 29th, from 1 p.m. to 5 p.m. with movies and displays, including confiscated weapons, narcotics, fire prevention, and bicycle safety. There will also be a rescue vehicle, an engine unit, motorcycles, and a special investigation unit.

Continuous entertainment will be provided by the HOOK AND LADDER LADS, the Los Angeles City Fire Department's Dixieland Band.

Newport National To Merge With San Diego Based Bank

Directors of Southern California First National Corporation and Newport National Corporation have reached an agreement in principle to merge these two one-bank holding companies. Based on the current market, value of the proposed transaction would be about \$13 million.

In a joint announcement, C. C. Blakemore, SCFNC president, and George L. Woodford, Jr., NNC president, said the agreement also calls for merger of the two banking subsidiaries. They are San Diego-based Southern California First National Bank with mid-year deposits of \$543 million, and the \$73 million Newport National Bank headquartered in Newport Beach.

The proposed merger is subject to preparation of definitive documentation, necessary corporate approvals including approval by shareholders of both companies and appropriate regulatory authorities, and the receipt of favorable tax rulings. Consummation is anticipated by early 1971.

Newport National Bank operates nine banking offices in Orange County. Present management and staff are to continue unchanged.

Fullerton Community Hospital has purchased a special training device Arrhythmia Resusci Anne the first in county, to assist doctors and hospital personnel in courses concerning heart disease. The manikin reacts like a heart patient and can be programmed for seven different heart problems. Armida Fournell, R.N. (left) in Service, at FCH checks out the equipment with Pat Cahalin, R.N. Director of Nurses.

Bower's Museum Offers A Variety of Displays

Charles W. Bowers Memorial Museum is offering a number of displays and events at the museum for the last of August and during September. The museum located at 2002 N. Main St. in Santa Ana will have through August 30, an old silver collection, coordinated by Bowers Museum Foundation bells:

Another of the unique displays is the picture post cards, which have been gathered as a "touring of the 1920's." These cards are from various countries, as well as states in the U.S. and flags of the countries and states are displayed with the cards.

A collection of Dr. John Hillsbeck of Santa Ana will be Precolumbian ceramics, and at the same time, fine jugs as a "salute to ceramic art", a world wide selection can be seen.

Bowers Museum has

regularly scheduled meetings of the Pacific Coast Archaeological society the 1st Thursday of each month; Orange County Historical Society, 2nd Thursday, and Indian Lore on the 3rd Wednesday of each month.

Bids Held

Bids on the building at Kock Park will be held for 60 days to allow for completion of landscaping at the park and for further determination of financing available for the project, following Placentia City Council action deferring consideration of the bids at its last meeting.

The three received were \$28,190 from Tony Miranda, \$34,620 from Jim McConnell and \$40,745 from H. Beuselink. All three bids cover the basic building plus the aggregate wall and tile roof requested by the council.

Hospital To Use Dummy

Medical personnel involved with the care of heart patients will soon receive additional training through the use of a device called Arrhythmia Resusci Anne.

Anne, the first of its kind in Orange County, is a near life-sized dummy now in use at Fullerton Community Hospital where it can be programmed to go from a normal heart rhythm into

eight different arrhythmias as selected.

Though Anne was preceded by another dummy, first used by the Yorba Linda Volunteer Fire Department, she is unique in that she features a special thorax skin and an electronic heart which responds to treatment if a student has properly diagnosed and treated the "case."
